

eID (EDIUS ID) registration for Grass Valley EDIUS Pro 9

EDIUS 9 uses the EDIUS ID (eID) registration – like EDIUS 8 and Mync.

Your eID is linked to your serial numbers and helps you to keep track of the status of your product activations.

When you activate the test or full version of your EDIUS 9, you will be asked to enter an eID. If you already have an eID from the activation of EDIUS 8 or Mync, you can simply enter that eID. (If you would like to request a test version with an existing eID, please jump directly to step 10).

If you do not have an eID yet, please create one. Here we explain step by step how to do it. An eID consists of an e-mail address and a password.

When you start EDIUS for the first time after installation, the following window will pop up.

1. Click on the **[eID Web]** button.

Tip: If you have not yet installed EDIUS, you can simply use this link to create an eID:

<https://ediuserid1.grassvalley.com/regist/>

2. To register an eID for the first time click on the **[eID registration]** button on the right hand side.

3. Enter your e-mail address.

The screenshot shows the 'Enter e-mail address' step of the EDIUS ID registration process. At the top, there is a header with the 'grass valley' logo (A BELDEN BRAND) and the 'eID (EDIUS ID)' title. A language dropdown menu is set to 'English'. Below the header, a purple banner reads 'Enter e-mail address'. Underneath, a progress bar titled 'EDIUS ID registration steps' shows five steps: 'Enter e-mail address' (active), 'Temporary registration', 'Registration', 'Confirm registration', and 'Registration completed'. The main content area is titled 'Enter e-mail address' and contains instructions: 'If you wish to register for a new member, please fill in the following items and click "Send". We will send you an e-mail containing the URL for registration at the mail address you entered.' Below this is a form field labeled 'Enter e-mail address' with a red 'Required' tag. The input field contains the placeholder text 'Please enter e-mail address'.

4. Agree to the terms and conditions of the privacy policy and click on the **[Send]** button.

This screenshot shows the bottom section of the registration form. It features a checkbox that is checked, followed by the text 'I have read the [privacy policy](#) and agree to its terms and conditions.' Below this text is a large blue button labeled 'Send'.

A temporary registration confirmation will be sent to you by e-mail to verify your e-mail address. If you have not received any e-mail please check your spam folder.

The screenshot shows the 'Temporary registration' step of the EDIUS ID registration process. The header is identical to the previous screenshot. A purple banner now reads 'Temporary registration'. The progress bar under 'EDIUS ID registration steps' shows the same five steps, but 'Temporary registration' is now the active step. Below the progress bar, the text reads 'You have completed preliminary registration.' followed by a thank you message: 'Thank you very much for registering to EDIUS ID this time. An email confirming this preliminary registration has been sent to your registered email address. Follow the instructions in the email to complete registration.'

5. Click on the registration procedure URL link in the e-mail to continue with the registration.

The e-mail looks like this:

=====

Preliminary registration confirmation

=====

Thank you for creating an eID. We have received your preliminary registration. Please click the following URL link within 48 hours to complete this registration.

You cannot use the eID until you complete this registration.

■Registration procedure URL

<https://ediusid1.grassvalley.com/regist/entry/?h=XXXXXXXXXX>

Precautions:

- This URL is valid for 48 hours from the time of this email. Your registration will become invalid if you do not complete the procedures within 48 hours.
- Until the registration is completed, the registration remains preliminary and the eID cannot be used.
- This email is sent as a result of you creating an eID. If you were not expecting this, do not complete the rest of the registration procedure. If you have already accidentally completed the registration, contact our support center.
- This email was sent from an email address used only for sending messages. Please be aware that we cannot respond to replies sent to this address.

Thank you for your continued support for Grass Valley products.

Registration

Please enter necessary information below.
When you have entered necessary information click "Confirm registration contents" and proceed to the main registration confirmation screen.

Password

Required

●●●●●●●●

Create a password of at least eight characters using upper/lower case English letters and at least one number.
(Example: Grassvalley01)

Password (enter again)

Required

Enter password again

Date of birth

Required

--- / --- / ---

Country of residence

Required

Confirm your data by clicking on the **[Confirm]** button.

Precautions:

- The registered email address/password combination should always be different from that used with another ID service. Using the same email address/password combination with multiple services increases the risk of unauthorized access.
- The registered email address/password combination will become important license information. Never provide this information to another person. If the email address/password combination should become disclosed, change it right away. We cannot make any guarantees related to the leakage of email addresses and passwords unrelated to this system.
- You will need your date of birth if you forget the information you registered.

Registration completed

Registration of EDIUS ID is completed.
EDIUS ID is required when using EDIUS so please keep it in a safe place.
Registered information can be checked on My page.

My page

9. If you already have an EDIUS 9 serial number, you can now use EDIUS 9 with your registered e-mail address and password. The e-mail address and the password combination is your eID.

Type in your e-mail address in the field **[E-mail]**, and your password in the field **[Password]**.

The screenshot shows a dark-themed dialog box titled "eID (EDIUS ID)" with a close button (X) in the top right corner. Inside the dialog, the text "Please enter e-mail and password." is displayed. Below this text are two input fields: "E-mail" and "Password". The "E-mail" field is currently empty and has a blue border. The "Password" field is also empty and has a dark border. At the bottom of the dialog, there are four buttons: "Create eID", "Register", "Delete", and "Cancel".

Next you will be asked to type in your EDIUS 9 serial number or in case of an upgrade also the serial number of the previous EDIUS version. Now you can start working with EDIUS.

To view the status of your EDIUS license activations please log in with your e-mail address and password online on <https://ediusid1.grassvalley.com>. You can also always check your given information and make any amendments thereto by clicking on this link.

The following steps are only necessary when requesting a serial number for a test version.

10. Log in via <https://ediusid1.grassvalley.com> with your eID.

11. Click on “EDIUS” on the left in the menu and choose the desired version.

12. Click on send.

13. You will receive an e-mail with the serial number for the requested test version.
Please go to step 9 in order to activate the licence.
